

# Transmission Services

Transmission Reservations and Scheduling

Reservations – Randy Haynes (423.697.4123)

Scheduling - Rocky Roberts (423.751.4859)

October 25, 2004

# Breakout Objective

- Forum for discussion
- Solicit suggestions from Transmission Customers
- Review and evaluate customer feedback

# TVA's Transmission System Services

- TVA provides transmission service on a nondiscriminatory, as-available basis to eligible customers requiring power transfers out of or through the TVA system. TVA also provides interconnection services to independent power producers consistent with sound reliability practices.

# Using the TVA Transmission System

- Using the TVA Transmission System
  - Arrangements for transmission services, including ancillary services, can be made through the Open Access Same-Time Information System (OASIS) under a point-to-point or network transmission service agreement. TVA provides detailed guidelines for customer use in applying for, reserving, and pricing transmission service. For details see:
    - **TVA's Transmission Service Guidelines, 2004 Edition**
    - **Posted on TVA's OASIS website**
    - **Website---<http://www.tva.gov/power/guide2004.pdf>**

# Points of interest

- Interconnections
  - AEP joins PJM
  - LGEE = MISO
  - IP purchased by AMRN
- Transmission service request
  - Stacking of TSRs
  - Conditionally confirmed TSRs
  - Network modifications

# TSR Maximum Lead Time

- Firm
  - Daily Current + 9 days
  - Weekly Current + 3 weeks
  - Monthly Current + 12 months
  - *Considered conditionally confirmed until 12:00 noon business day prior to start of service.*

# Firm Service Confirmation Time

- Firm
  - Daily < 24hrs, 2 hr limit
  - Daily > 24hrs, 24hr limit
  - Weekly 48hr limit
  - Monthly 4 day limit
- Non Firm
  - Require 30 minutes prior to start or service, otherwise as can be accommodated.
  - Must be pre-confirmed.

# Scheduling of Transmission Services

- Transmission Scheduling – Rocky Roberts
  - Timing guidelines for E-Tag submission are found in the NERC Operating Manual, Appendix 3A1
  - Why did you deny my tag??!!!!
  - Tag format and accurate data entry is critical to help TVA help you use the transmission rights that you own
- .Interchange Authority Staff- Warren Beaves, Terry Snapp, Ron Robinson, Bryan Wilbourn, Jim Barnes
- \*TVA is dedicated to becoming the “L.L. Bean and Eddie Bauer” of the utility industry by providing the highest level of customer service which, in turn, will result in complete CUSTOMER SATISFACTION!
